Best Western Northwoods Lodge 877-349-7800 Siren

Lodge at Crooked Lake 877-843-5634 Siren

James McNally Campground 715-463-2405 Grantsburg

Come and join us for another MWN training opportunity. Get ready for VJP, HZP, VGP or plain old hunting. There will be judges and experienced trainers available to help you with your training needs. We all are willing to help one another to advance in your training or you can just hang out with the group and talk Drahts for the weekend. Game is available for purchase and the grounds are the best northern Wisconsin has to offer. Come and enjoy the fun this weekend and work with your hunting buddy.

You can stay and camp on the grounds for \$5.00 /night per person. There is room for campers and tents. Also, there are two bunk houses available that can accommodate approx. 20 people each. One men's and one women's. Don't forget to bring your own bedding; racks and mattresses are provided. If you have need for external power for your camper we can provide it with advanced notice. There are showers and bath houses for our use as well as a large kitchen and meeting/dining area. People and dogs are welcome any time after noon on Friday the 7th.

Saturday and Sunday breakfast and coffee will be provided by my lovely wife Erin for a donation to cover food costs. Please indicate on the bottom if you would like to eat so we can make sure to have enough for everybody.

What to Bring:

1. Appropriate clothing for sun and rain

2. Lawn chair for the Saturday night fire and a fan in case it's warm at night
3. Food. We do a cook out on Saturday night; grill is provided. Breakfast is a group activity
4. A crate for your game which you will take possession of on Saturday Morning
5. Beverages, Bottled water.
6. We will have a couple of kayaks up there but the more the merrier.
7. Any other training supplies that you may need.

Saturday:

7:30 Meet at the dining hall for breakfast and go over the information provided about the grounds and water availability: maps will be available. Informal discussion on what you would like to accomplish through the weekend. Plan any demonstration you would find helpful for training. Break into groups for what you would like to accomplish (VJP, HZP VGP training) If arriving Friday night...Most of this can already be accomplished.

8:30 Bird distribution. Have your crates available

9:00 Time to have fun with your dogs. If we have people with different agendas, we'll split into groups and enjoy the day.

6:00 pm Meet back at Crex dining hall for socialization and cookout. Bring whatever you would like to grill and possibly a dish or snack to pass.

Later, enjoy an outdoor fire and conversation.

Sunday:

7:30 Breakfast. Some may have enjoyed the fire the night before TOO much.

Off to the fields, forest and water for the finishing touches.

2:30 Back to Crex for clean up and good-bye's. Please stop by to lend a hand.

We can hopefully work on every need you might have for training within the 2 days. Crex is the perfect place for help, training ideas and good friends with the common interest for our Drahts and their training.

Please Contact Me with any questions. We can always use people that are willing to volunteer and help out in different areas as well. Helping at the field, water, laying tracks, etc.
